### **WHY LEASE?**

**You Have Less Cash Outlay** - Our lease requires **NO** down payment and **NO** security deposit. Your first monthly payment; lease acquisition fee; and applicable title, license, and registration fees are due at the time of delivery

**We have Flexible Terms** – You may lease your Harley-Davidson® Police Motorcycle(s) for a minimum of 12 months or a maximum of 36 months.

**Our Closed-End Lease Plan** allows agencies to pay for only the useful life of the vehicle, which allows you to increase or replenish your fleet more often. Replacing vehicles reduces down time and saves on maintenance costs.

**The affordable terms and flexible structure** offered by leasing can help meet your equipment and transportation needs and work around cash flow short-falls.

**Our Leasing plan** offers a fixed monthly payment for budgeting purposes.

**Leasing increases the purchasing power** of the municipality by lowering initial cost outlays. In most cases, you can **lease three motorcycles versus purchasing just one vehicle.**

**Leasing Short Term is not considered a debt** when computing statutory debt limitations.

**The Municipality chooses** the type H-D Motorcycle (Road King or Electra Glide) with or without Emergency equipment.

**Leasing allows for a more frequent rotation of vehicles** thus lowering maintenance costs. You can operate an H-D Motorcycle **at 0.6 - 0.7 cents per mile** compared to **\$3.00 -5.00 dollars per mile** for a vehicle.

**There are NO** mileage allowances or over mileage fees.

**When trading in motorcycles,** the value of the trade can be applied towards the lease.

**You Have The Ability To Accessorize** - Your leased vehicle can be customized with Genuine Motor Accessories as well as optional emergency equipment

**The following standard Police Equipment Package or a tailored Equipment Package can be added to the lease or purchased separately if needed:**

Police Emergency Response Kit which includes: Siren Speaker, Siren Amplifier, and PA Microphone (Part # 6900057)
