#### IMPORTANT PLEASE READ:

The information printed in this brochure reflects product design, fabrication and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design, material, or component specifications of fabrication at its sole discretion without notice. This includes the substitution of components of a different brand or trade name. Certain bikes show optional equipment available at extra cost. Some models shown in this brochure are US domestic specification. We reserve the right to discontinue models or change specifications at any time without incurring any obligations. Specifications in this publication may not match those of official certification in some markets due to timing of publication printing, variance in testing methods, and/or vehicle differences. Customers seeking officially recognized regulatory specifications for their vehicle should refer to certification documents and/or contact their respective dealer or distributor. Any tinted helmet visors used in the photographs may not be legal for sale or use in certain markets. Some variations in colour are possible due to the limitations of photography. Vehicle and accessory specifications may vary from country to country depending on local laws and some models and accessories are not available in certain countries. Be aware that many countries prohibit the importation, registration and/or use of vehicles and accessories not built to the country's specifications. 1. Recommended 95 octane or higher fuel (R+M)/2. Standard and optional fuel systems may vary by country and region. 2. Values shown are nominal. Performance may vary by country and region. EU Regulation 168/2013. 3. Standard and optional wheels may vary by country and region. 4. Availability of colours may vary from dealer to dealer and is subject to change without further notice.

### TAKE A DEEP BREATH.

Relax. Imagine the sun on your skin, the wind on your face. The sights and sounds all scrambling to keep up. Feel the world melt away. Now, remember that feeling.

It's the same feeling we've been engineering into every Harley-Davidson<sup>®</sup> since 1903, continually crafting not just motorcycles but bikes that bring you balance. The more time you spend in the saddle, the more your thoughts dissolve, the more your muscles awaken - the more you exist in the now. Your mind cleared, but your body completely engaged.

And in today's world of phone dependency, tidal waves of technology and never-ending news cycles, everyone could use more of that feeling.

So, while we can go on and on about the thrills and chills of riding, the only way to really understand is to grip the handlebars, throttle up and return to the present.

Rip yourself out of the everyday, and experience rebirth on two wheels.

4

Float through  
time and space  
*and rush hour.*

Handlebar height is regulated in many locations. Check local laws to ensure your motorcycle meets applicable regulations.

# Softail<sup>®</sup>

The soul-satisfying rumble of a Softail<sup>®</sup> will send a message to every city block or mental block you encounter. This is where authentic heritage meets modern technology for power, style and the unadulterated riding experience.

THE ALL-NEW

# Low Rider™ S

The Low Rider™ style has been giving people a new perspective for decades. And this year, we're taking that thrilling perspective even further with the new Low Rider™ S.

You get the massive torque of a Milwaukee-Eight® 114 engine, the crisp handling of the Softail® frame and a responsive premium suspension. The blacked-out finishes, moto-style bars with 100-millimetre risers and a mini speed screen will make you look just the way you feel while riding this laid-back machine that's sure to create a scene whenever it's stopped. But don't expect onlookers to linger long. All it takes is one twist of the throttle to send them to your rearview.

ON RIDING

Cassandra Barragan

**Why do you ride?** — "Riding has been an integral part of my life since I was a kid. It makes me feel like myself."

**Describe what riding is like?** — "It's like therapy."

**"It gives me a  
*release I can't get  
anywhere else.*"**

**What's your favourite riding memory?** — "My husband and I met because of motorcycles. Every year on our wedding anniversary, we ride up the coast with some of our closest friends and have some pretty wild adventures. Just the feeling of the coastal air on my face and looking over to see my husband smiling are the best."

An aerial, high-angle photograph of a multi-lane highway. Three motorcycles are visible, moving from the bottom left towards the top right. The image is heavily blurred, particularly in the foreground and background, to convey a sense of rapid motion. The motorcycles are dark-colored, and the road surface is a light gray. The overall composition is dynamic and emphasizes the concept of clarity amidst a blur.

Clarity is  
seeing things  
*in a blur.*

# Sportster<sup>®</sup>

There's not just beauty in the simplicity of a Sportster<sup>®</sup> motorcycle - it rumbles with sheer power, performance handling and iconic style. You can feel it in your bones.

SPORTSTER®

# Iron 883™

ON RIDING

Tony Bang

**Describe what riding is like?** — "Like biting into the perfect piece of steak."

**Do you have a favourite riding memory?** — "My favourite memory of riding is my very first solo trip. Starting the ride at sunrise and ending the day at sunset was rad and beautiful. The story is the most meaningful because it was the first time I was on the road for a long period of time alone. Just me, my bike and the road."

**"Like biting into  
*the perfect piece  
of steak.*"**

**What's the most memorable thing you've seen on a ride?** — "While heading up to Northern California, the most memorable thing I've seen on the road was watching the sun set into the mountains of Big Sur."

# Respond to the elements by harnessing the power of control.

## EXPERIENCE THE REFLEX™ DEFENSIVE RIDER SYSTEMS

Reflex™ Defensive Rider Systems is a new collection of technologies designed to match motorcycle performance to available traction during acceleration, deceleration and braking, so you can clear your head on the open road with complete confidence.

### Cornering-Enhanced Electronic-Linked Braking

Stay in perfect synchronicity with applied braking effort on both wheels from either the hand lever or foot pedal.

### Cornering-Enhanced Traction-Control System

Keep your rear wheel from spinning out with confident traction control designed for acceleration while leaning, even in wet weather.

### Anti-Lock Braking System

Designed for peace of mind, the C-ABS will make locking under braking a thing of the past, giving you total control of the road.

### Cornering-Enhanced Drag-Torque Slip-Control System

Stay centred on the slickest of roads with tech that keeps the rear wheel from slipping and losing grip during deceleration.

### Vehicle Hold Control

Set out from any hill, bridge or ramp with brake pressure engineered to keep you from rolling backward.

### Tyre-Pressure Monitoring System

Stay alert when your tyre pressure gets too low, so you can keep chasing after those internal highs.

Available traction is determined by the road/tyre interface. The systems bundled into the RDRS are only able to adjust brake pressure or power-train torque in an attempt to keep the forces at the tyre from exceeding available grip. These technologies do not have the ability to increase grip or to intervene when the rider has not made a brake or throttle application (e.g., coasting through a corner with the clutch disengaged). RDRS is not a system to directly influence vehicle direction. This is a key difference between motorcycle RDRS and Automotive Stability Control. The rider is ultimately responsible for steering and path corrections. Available on: Ultra Limited, Street Glide® Special, Road Glide® Special, Road King® Special, Freewheeler®, Tri Glide™ Ultra, CVO™ Limited, CVO™ Street Glide® and CVO™ Tri Glide™. Trike models have unique RDRS offerings. Availability differs regionally. Check with your dealer for more information.

## TOURING

## Ultra Limited

From its Reflex™ Defensive Rider Systems and heated grips, to its Twin-Cooled™ Milwaukee-Eight® 114 engine and the integrated BOOM!™ Box GTS infotainment system which keeps you plugged in for long rides. The Ultra Limited motorcycle helps you find your balance in its marriage of machinery and technology. The addition of a wind-cutting, vented batwing fairing back and roomy Tour-Pak™ carrier make this an ultimate premium touring motorcycle.

## DIMENSIONS

Length (mm/in)	2,600 (102.3)
Seat Height, Unladen (mm/in)	740 (29.1)
Fuel Capacity¹ (litres)	22.7
Weight, As Shipped (kg/lbs)	399 (880)

## POWERTRAIN²

Engine	Twin-Cooled™ Milwaukee-Eight® 114
Displacement (cc/ci)	1,868 (114)
Engine Torque	164 Nm (121 ft-lb @ 3,000 rpm)

## WHEELS/TYRES³

Front	Dunlop® Harley-Davidson Series, bias blackwall D408F BW 130/70B18 63H
Rear	Dunlop® Harley-Davidson Series, bias blackwall D407T BW 180/55B18 80H

## COLOURS⁴

Solid	Vivid Black Barracuda Silver
Two-Tone	Midnight Blue/Barracuda Silver River Rock Gray/Vivid Black Silver Pine/Spruce
Custom	Stiletto Red Tahitian Teal

See page 35 for details of Reflex™ Defensive Rider Systems technology and rider responsibilities.

TOURING

Road King®

With one-touch saddlebags, Reflex™ linked Brembo® Brakes, SHOWA® dual-bending valve suspension and rear emulsion shocks, this bike lets you master mind, body and road.

DIMENSIONS

Length (mm/in)	2,450 (96.5)
Seat Height, Unladen (mm/in)	705 (27.8)
Fuel Capacity¹ (litres)	22.7
Weight, As Shipped (kg/lbs)	360 (794)

POWERTRAIN

Engine	Milwaukee-Eight® 107
Displacement (cc/ci)	1,746 (107)
Engine Torque	150 Nm (111 ft-lb @ 3,250 rpm)

WHEELS/TYRES

Front	Dunlop® Harley-Davidson Series, bias blackwall D408F BW 130/70B18 63H
Rear	Dunlop® Harley-Davidson Series, bias blackwall D407T BW 180/55B18 80H

COLOURS

Solid	Vivid Black Billiard Red Stone Washed White Pearl
Two-Tone	Silver Pine/Spruce
Custom	Stiletto Red

See page 35 for details of Reflex™ Defensive Rider Systems technology and rider responsibilities.

TOURING

# Road King® Special

Features like Reflex™ Defensive Rider Systems and mini-ape hangers, combined with the power of a Milwaukee-Eight® 114 engine and Gloss Black Prodigy wheels, take you to the edge of experience.

DIMENSIONS	Length (mm/in)	2,420 (95.3)
	Seat Height, Unladen (mm/in)	695 (27.4)
	Fuel Capacity¹ (litres)	22.7
	Weight, As Shipped (kg/lbs)	351 (774)

POWERTRAIN²	Engine	Milwaukee-Eight® 114
	Displacement (cc/ci)	1,868 (114)
	Engine Torque	163 Nm (120 ft-lb @ 3,000 rpm)

WHEELS/TYRES³	Front	Dunlop® Harley-Davidson Series, bias blackwall D408F 130/60B19 61H
	Rear	Dunlop® Harley-Davidson Series, bias blackwall D407T 180/55B18 80H
COLOURS⁴	Solid	Vivid Black Barracuda Silver River Rock Gray Denim Billiard Burgundy
	Custom	Zephyr Blue/Black Sunglo

See page 35 for details of Reflex™ Defensive Rider Systems technology and rider responsibilities.

TRIKE

# Tri Glide™ Ultra

Along with trike-specific Reflex™ Defensive Rider Systems and a Milwaukee-Eight® 114 engine, the 6.8 cubic feet of storage gives you more space for you to explore the way you ride.

40

**DIMENSIONS**

Length (mm/in)	2,670 (105.1)
Seat Height, Unladen (mm/in)	735 (28.9)
Fuel Capacity <sup>1</sup> (litres)	22.7
Weight, As Shipped (kg/lbs)	546 (1,204)

**POWERTRAIN<sup>2</sup>**

Engine	Twin-Cooled™ Milwaukee-Eight® 114
Displacement (cc/ci)	1,868 (114)
Engine Torque	162 Nm (119 ft-lb @ 3,250 rpm)

**WHEELS/TYRES<sup>3</sup>**

Front	Dunlop® Harley-Davidson Series, bias blackwall D402F-MT90B16 72H

Rear	Dunlop® Harley-Davidson Series, radial blackwall Signature P205/65R15

**COLOURS<sup>4</sup>**

Solid	Vivid Black
	Barracuda Silver Denim
	Performance Orange
Custom	Stiletto Red

See page 35 for details of Reflex™ Defensive Rider Systems technology and rider responsibilities.

ON RIDING

# Wil Thomas

**Why do you ride?** — “The short answer is to get away, to leave things behind. The long answer is to go forward, see something new, go beyond. Riding is always about the journey, less about the destination. Most of what I find is inside.”

“Most of what  
*I find is inside.*”

**What's your favourite riding memory?** — “I once rode a Harley from Casablanca to Marrakesh. To ride a bike in Africa was like a dream. I hope to do it again on my own bike, a 1947 Knucklehead! Would barely see the road through the tears. Tears of joy.”

**What do you love about Harley-Davidson?** — “The individual expression of self. The value of freedom. The love of travel and riding with friends.”

CUSTOM VEHICLE OPERATIONS™

# CVO™ Tri Glide™

Custom Vehicle Operations™ (CVO™) are the jewels in the crown of custom and the CVO™ Tri Glide™ is the most requested model in its history, overflowing with features to lose yourself in. Dive into the 117-cubic-inch Milwaukee-Eight® power. See it all with the new Daymaker™ LED headlamp. Take hold of the custom Kahuna™ collection grips, levers, pegs and floorboards. Stay connected with top-of-the-line BOOM!™ Box GTS infotainment, a premium sound system and the BOOM!™ Audio 30K Bluetooth® headset to communicate with your bike, your passenger and other riders. And keep your ride safe, sound and always ready to go with the Reflex™ Defensive Rider Systems.

Balance it all on new 19-inch front wheels, 18-inch Tomahawk™ contrast cut rear wheels and the choice of two premium custom paint finishes. The CVO™ Tri Glide™ doesn't just have everything you want—it makes you feel everything you need.

DIMENSIONS	Length (mm/in)	2,670 (105.1)
	Seat Height, Unladen (mm/in)	715 (28.1)
	Fuel Capacity (litres)	22.7
	Weight, As Shipped (kg/lbs)	563 (1,239)

POWERTRAIN	Engine	Twin-Cooled™ Milwaukee-Eight® 117
	Displacement (cc/ci)	1,923 (117)
	Engine Torque	168 Nm (124 ft-lb @ 3,500 rpm)

WHEELS/TIRES	Front	Dunlop™ Harley-Davidson Series, bias blackwall D408F 130/60B19 M/C 61H

------	---

# ...Now exhale

LET IT ALL OUT. TAKE A LOAD OFF.

Have you worked up an appetite for that life-changing ride? Good, then you're ready to turn the throttle and sit back for all the clarity and thrills a great ride throws at you.

Because if there's one thing you take away from these pages, let it be to put this book away. Unplug. Get outside. Go riding. Feel your heart racing and your head empty out.

A saner, sharper, more alive you is waiting.

HARLEY-DAVIDSON

# Paint

Your choice of paint is a reflection of your inner spark. When the light catches it just right, you can see someone's soul in the choice of finish. Fortunately, the Harley-Davidson Motor Company is renowned for the depth, richness and longevity of its colours. This year, we've added new solid colours, new two-tones and nine expansive, new finishes for CVO™ models so you can shine as bright as you want to.
